

SCORPION™

Light gun for use with Sony™ Playstation™
Compatible with Namco™ and G-Con 45™ and Guncon™ Games.

The Scorpion™ Light Gun has been designed to give you maximum playing comfort coupled with maximum firepower! Small on size - big on features!!

--Functions--

All game functions are specific to the game you are playing. The button configurations listed below are as a general guideline and intended to list the more common uses for these functions.

Start Button

Starts the game from the menu screen
Pauses during play.

Special Weapon

Activates game special weapon (e.g. Grenade)
Cycles through options on menu screens

Trigger

Fires the current active weapon.
Selects options on menu screens.

--Advanced Functions--

Manual Reload

Where games require you to shoot off screen to reload, this button can be pressed to automatically reload the Scorpion™.

--Firing Mode Switch--

Auto Reload and Auto Fire.

Pressing and holding the trigger in this mode will automatically repeat firing and automatically reload the Scorpion™. Auto reload functions within a specific time scale and may affect some games, specifically if the reload action is also assigned to another function. Auto Reload will reload your weapon without the need to fire away from the screen.

Auto Reload

As above but with no Auto Fire.

Normal

No special functions active. Please note some games supply limited ammunition and require a high degree of accuracy. We recommend this mode for such games for greater gameplay control.

--G-Con 45/GunCon compatibility--

Although Playstation Light Gun games come in two formats, the Scorpion™ is compatible with both of these formats. You will need to ensure the G-Con button is in the correct position before powering up your console.

Standard Light Gun Games - Games such as Die Hard Trilogy™, Crypt Killer™.

Requires the G-Con button to be in the "out" position. Only the standard connector is required in the front of the console in the controller port as specified in the game manual.

G-Con 45™/GunCon™ Compatible Games - Games such as Time Crisis™, Point Blank™, G-

Con™ games require the G-Con button to be pressed in before powering up your console. For increased accuracy, G-Con™ games require the connection of the yellow video connector to your console. Older systems have this connector already built into the rear of the console. Newer systems will require the additional G-Con AV cable with an in-built video connector. You should connect the yellow lead to the yellow connector on the G-Con Adaptor.

The G-Con AV Adaptor connects between your existing RF, Scart or TV cable and PlayStation™ console. You can also connect your console to a hi-fi via the left/right phono connectors also on the Adaptor (additional cable required).

*Recoil Function

The Scorpion now requires NO batteries for activation of the recoil function.

WARNING!

The Scorpion™ is a toy and should never be pointed at anyone. You should never spray the Scorpion another colour. If the Scorpion is mistaken for a real gun, you could get hurt - or worse!

Please Note: This light gun is not compatible with TV's displaying a 100hz picture. Selected TV's will allow this mode to be turned Off.

USA FIRE LIMITED WARRANTY

USA Fire warrants to the original consumer purchaser that the product will be free from defects in material and/or workmanship for a period of 90 days from the date of purchase. If the product is discovered to be defective within this warranty period, USA Fire at its option will repair or replace, at no charge, any part that USA Fire determines to be defective.

To obtain warranty services during the warranty period, send the defective product postage pre-paid, with a check or money order for \$5.00 to cover return postage and handling, along with proof of purchase and the date of purchase to:

**USA FIRE
106 Garlisch Drive,
Elk Grove,
Illinois 60007,
USA**

This warranty is limited to the internal works of the product and the external housing. This warranty shall not apply if the product has been damaged by abuse, misuse, negligence, accident, modification, tampering or by any other causes unrelated to defective materials and/or workmanship.

Repair or replacement as provided under this warranty is USA Fire's exclusive prerogative. USA Fire shall not be held liable for any incidental or consequential damages for breach of any express or implied warranty on the product, except to the extent prohibited by applicable law, and any implied warranty of proper operation is limited in duration to the duration of this warranty.
