BUTTON CONFIGURATION

Button Configuration

CONNECTION

Connection

1. Ensure that your PS2 console is switched off.
2. Check with the game's instructions to confirm which mode is required, Normal, Guncon 1 or Guncon 2.
3. Plug the gun into the controller port or USB port as recommended in your game
4. Connect the yellow video plug and Guncon Adaptor as per the Connection diagrams.
5. Turn on your PS2 console

Note: The USB connection is only applicable for Guncon 2 mode.

Firing Mode Button**1. Normal**

This mode allows you to fire a single shot every time you pull the trigger.

2. Auto Reload

This mode will automatically reload your bullets.

3. Auto Fire & Reload

This is a combination of auto reload and auto fire. By simply holding the trigger the gun will fire continuously until all your bullets are used and the gun will then auto reload.

Note: Auto reload will reload your gun after 6 shots have been fired.

Vibration Action

The XK-10 Light Gun incorporates recoil vibration, which is activated when the trigger is pulled to give a vibration effect.

Mode Button**NORMAL**

Used for Playstation/PSone games
Buttons used A (special), B (Start) & Fire

GUNCON 1

Used for Playstation/PSone and NAMCO games
Buttons used A, B & Fire

GUNCON 2

Used for PS2 and NAMCO games
Buttons used A, B, C, Start, Select, Fire & D-Pad

Note: If the wrong mode is selected the gun will not be detected by the console and will not function.

D-Pad

The Lightgun is equipped with a D-Pad, which will provide menu selection, and in game movements with compatible games

Important Notes

To ensure that your Lightgun works accurately and correctly please follow the points below:

- Adjust the brightness level on your TV to a higher setting
- Ensure that your TV screen is clean
- Turn off any lights near the TV
- If there is a window behind your TV close the curtains or blinds
- For Optimum use we recommend that you do not use the Lightgun further than 2 metres away from the TV screen
- The Lightgun is not suitable for use with the following types of TV:
LCD (liquid crystal display) Screens
Projection TV
100 Hz TV
Plasma Screens

Warning

- Although this Gun is completely harmless NEVER point the gun at anyone
- DO NOT remove the connection cables to make the light gun look like a real weapon.
- If the Light gun is mistaken for a real weapon, you may cause harm to yourself or others.

Important Safeguards & Precautions

1. This Unit is for indoor use only. Never expose to direct sunlight or wet weather conditions.
2. Do not expose the unit to splashing, dripping, rain or moisture. Do not immerse in liquid.
3. Do not expose to dust, high humidity, high temperatures or mechanical shock.
4. Do not position the cable where it would be subjected to extreme heat or flames. Keep the cable away from oil or sharp objects.
5. Avoid any unnecessary strain of the cable.
6. Never carry the unit by the cable.
7. Do not use if the equipment is damaged.
8. Do not disassemble; there are no serviceable parts inside.
9. For external cleaning, use a soft, clean, damp cloth only. Use of detergents may damage the cabinet finish and leak inside.
10. Do not connect or disconnect the gun while the games console is turned on.

Important Notice

1. If at any time whilst using this product you feel pain, weakness, numbness or tingling in your hands, wrists, elbows or shoulders we recommend that you cease using it until these symptoms subside.
2. We recommend that you take frequent breaks of fifteen minutes every hour & hold the gun with a light grip while playing a game.
